What Are VHA Pay Period Calendars?

The VHA pay period calendars outline the specific dates on which pay periods begin and end for employees within the Veterans Health Administration. These calendars are part of the broader federal payroll system, designed to standardize pay cycles across agencies and departments. Typically, VHA pay periods are structured biweekly, meaning employees are paid every two weeks, but the exact dates can vary depending on the calendar year and specific administrative decisions.

The primary purpose of these calendars is to:

- Provide a clear schedule for payroll processing
- Ensure employees receive their wages consistently and punctually
- Facilitate accurate record-keeping and reporting
- Assist managers and HR personnel in planning and budgeting

The Structure of VHA Pay Periods

Standard Biweekly Pay Cycle

Most VHA employees are paid on a biweekly basis, which involves 26 pay periods per year. Each pay period spans two calendar weeks, and the schedule remains consistent annually, barring any adjustments for leap years or administrative changes.

Pay Period Dates and Pay Days

Typically, the pay period dates are from Sunday through Saturday, although this can vary slightly. The actual pay date—when employees receive their paycheck—often falls on the Friday following the end of the pay period or as specified by the payroll schedule.

For example: Pay Period 1: Sunday, January 7 – Saturday, January 20
Pay Date: Friday, January 26

This consistency helps employees plan their budgets and financial commitments effectively.
